

## SYDNEY INSTITUTE OF HOLISTIC MEDICINE

HSA Sydney Branch  
129 Booth st ANNANDALE 2038  
955 22 777

We are starting the 2010 seminar /workshops for Sydney in March. We are having a big variety with very informative material (previous students will confirm this ).We are catering for the beginners to the more advanced students .It will be presented to you in a clinic environment .There will be times we will be having live cases ,a lot of hands on and exposure to many modalities.

**The clinic is located at 129 Booth St Annandale 2038 ( [www.sihm.com.au](http://www.sihm.com.au)) and we can be contacted on 95522777**

The centre has a number of modalities like Antiageing ,Massage ,Nutrition ,Psychology ,NLP ,Matrix Therapy,Cosmetic with Medical Aesthetic Medicine and others.

We are hoping to give you another year of quality and enjoyable useful information.

Students who are sitting for their final exams in the next two years require to attend in each year at least five seminars/ workshops.Pre -exams are mandatory for all students .They can be taken at any time. Pre - exams are set in such a way to evaluate your weaknesses and what you should be concentrating on with your studies. Students who attend all seminars during the year they can be exempted from the Pre-exam evaluation if they wish.

Students attending their exams must have with them their essential equipments and printed history taking and clinical examination papers.

If numbers are satisfactory we may have some workshops on Saturdays or Fridays.I need your feedback on this.

You can Contact Dr Chris on 02 95522777
